Pharmaceutical Partners of Canada (PPC) Travel Grant

Pharmaceutical Partners of Canada sponsors a Continuing Education Grant program at the National level, which is administered at the Branch level. In the past, CSHP-NB awarded this grant to pharmacists attending the National AGM. Changes were made to the criteria this past year, enabling the grant to be used for any educational event relevant to the pharmacist's practice.

Applications for this grant will be distributed in the following weeks.

Pharmacy Student Scholarship

The applications for these awards will be distributed to pharmacy students in the various faculties of Pharmacy in the upcoming weeks. Deadline for application will be November 14, 2008.

Respectfully submitted,

Chantal Michaud  
Chair, Awards Committee
