

## OUR MISSION

The CSHP Foundation supports **research and educational programs** that advance **patient-centred pharmacy practice and patient care** in hospitals and related health care settings. Since 1988, the Foundation has awarded grants totalling **almost \$550,000 to 78 projects.**

## OUR PROGRAMS SUPPORT CSHP MEMBERS

### Education Grants: *up to \$20,000*

- Short sabbaticals or traineeships for pharmacists: designed to expand clinical knowledge and skills in order to enhance patient care.
- Thematic conferences development: the organization of a targeted group which will focus on issues in pharmacy practice and/or education.
- Educational programs or materials development for pharmacists: development of resources for pharmacists with a focus on optimizing pharmacotherapy.

### Education Scholarships (NEW in 2013): *\$6,500 (US)*

- Full scholarship to participate in the Pharmacy Leadership Academy of the American Society of Health-System Pharmacists Foundation. This distance-learning program is designed to train pharmacy leaders or those aspiring to leadership positions within hospitals and health systems.

### Research Grants: *up to \$30,000*

- Qualitative and quantitative research that assesses the impact of evolving pharmacist practice models and enhanced patient care approaches on patient health, population health, and healthcare services.
- Research in pharmacist practice areas for which it is difficult to obtain other funding.
- Support for novice researchers as well as those with advanced experience in research.
